## **DETAILED ACTION**

### ***Double Patenting***

1. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

Claims 2-14, 16-25, 27-33, 35-41 and 43 are provisionally rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 1-39 of copending application No.10/669,422 and claims 1-22 of copending patent application no. 10/670,670. This is a provisional double patenting rejection since the conflicting claims have not in fact been patented.

### ***Response to Arguments***

1. Applicant's arguments filed 4/21/2006 have been fully considered but they are not persuasive. Applicant has indicated that he will take appropriate action on the double patenting rejections in this application once there are issued claims in this or the copending applications. Applicant is advised that an indication of patentability can not be given until such time as all outstanding issues have been resolved.

### ***Information Disclosure Statement***

Prior art cited on any form 1449 must include both a month and year of publication to be printed on the issued patent.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
